

How Can I Promote Clean Energy? This handout available @ www.lwvnlm.org/enr

● Your Own Solar Installation

Access MI Solar - A group buy lowers the costs through the power of volume purchasing. This group buy also provides educational sessions about the procedure and free solar site assessment with a cost estimate. It is brought to you by Groundwork Center for Resilient Communities.

● Clean Energy Through Your Electric Company

Green Power is a growing trend for homeowners and businesses seeking sustainable electric options. These options put your energy money into clean energy programs.

a.) Petoskey Voluntary Green Pricing Renewable Energy Program

<http://www.mpower.org/renewable-sign-up/?type=ALL&member=PETO>

b.) Great Lakes Energy - Renewable Energy/Community Solar sign-up

<https://www.spartansolar.com/home/sign-up/>

c.) DTE Green Energy Program

● Consider Moving Your Investments to ESG Accounts

ESG = Environmental, Social, & Governance Criteria. Environmental criteria promotes harmonious economic interactions between humans and nature.

● Support Green Energy Initiatives In Your Community & With our Youth

Encourage and support our young people who are attempting to make a Greener Earth. Tell the youth you know, that you care about their future and are helping with solutions that are good for us all.
